SECTION I – INTRODUCTION

A. Statement of Purpose

The Mayor's Fund for Philadelphia and the Philadelphia Department of Public Health (PDPH) seek qualified vendors to distribute funds to participants in a guaranteed basic income (GBI) pilot for survivors of firearm violence. The Hospital-Based Violence Intervention Program (HVIP) Coalition, led by PDPH, wishes to determine the feasibility of providing firearm injury victims already opted into an HVIP with \$500 per month for 6 months immediately following their injury and to assess how a GBI impacts their well-being and engagement in program activities.

B. Department Overview

The Mayor's Fund for Philadelphia (the Fund) works in close partnership with the City of Philadelphia and private sector partners to develop and run initiatives that reflect Mayoral priorities and seek to improve the quality of life for all Philadelphians. The Fund will serve as the fiscal administrator for this contract opportunity. The Injury Prevention Division of PDPH will serve as the project manager for this effort on behalf of the Fund. PDPH's Injury Prevention division of the City of Philadelphia is responsible for initiatives to reduce gun violence, promote safety, and address the factors that contribute to violence and injuries.

C. Project Background

The HVIP Coalition led by PDPH is interested in the feasibility of providing a GBI to victims of firearm violence to meet their basic needs in the immediate aftermath of their firearm injury. The HVIP coalition identified that victims of gun violence financially struggle to meet their basic needs, which decreases their ability to engage in recommended HVIP treatment and healing services. A convenience sample of 50 people will be recruited from one of the six level 1 trauma centers in Philadelphia. These trauma centers include: The Children's Hospital of Philadelphia, Einstein Medical Center, Temple University Hospital, Penn Presbyterian Hospital, St. Christopher's Hospital for Children and Thomas Jefferson University Hospital. Study objectives are to determine the feasibility of providing firearm injury victims already opted into an HVIP with \$500 per month for 6 months and to assess how a GBI impacts their well-being. Additional objectives include assessing whether a GBI was able to improve individuals' ability to meet their basic needs as well as to participate in HVIP recommended plan of care.

These minimum insurance amounts are not to be construed as limiting a Contractor's right to obtain additional coverage and higher liability limits at Contractor's discretion. Contractor may be required to provide proof of insurance at the Fund's discretion.

B. Confidentiality

Through performance of the Agreement resulting from this RFP, the selected Vendor may receive or have access to Confidential Information of The Fund and the Philadelphia Department of Public Health, which may include certain information concerning the Services and other information not generally known to the public. Vendor shall not disclose any Confidential Information it receives from The Fund and the Philadelphia Department of Public Health to any person or entity except (a) employees or contractors of Vendor, and (b) Vendor's professional advisors who have a need-to-know such information, provided such professional advisors have agreed in writing to maintain the confidentiality of such information pursuant to confidentiality agreements containing confidentiality obligations that

Vendor may not use the Confidential Information for any purpose other than for the performance of the Services under this Agreement. This obligation shall survive the termination of this Agreement. Vendor shall return The Fund and the Philadelphia Department of Public Health's materials, if applicable, to The Fund promptly upon termination of this Agreement or earlier if requested by The Fund.

"Confidential Information" means all non-public information in whatever form transmitted, whether written, electronic, oral or otherwise, including without limitation business plans, specifications, design plans, drawings, software, data, prototypes and other business and technical information that is disclosed by The Fund and the Philadelphia Department of Public Health pursuant to this Agreement and that is marked as "confidential" or "proprietary" (or, if disclosed orally, designated as confidential upon disclosure) or which, under the circumstances surrounding disclosure, a reasonable person would deem as confidential. Notwithstanding the foregoing, Confidential Information shall not include information that: (a) is independently developed by Vendor or lawfully received by Vendor free of restriction from another source having the right to so furnish such information; (b) is or becomes generally available to the public without breach of this Confidentiality Agreement by Vendor; (c) at the time of disclosure, was known to Vendor free of restriction; or (d) is required to be disclosed pursuant to any statute, law, rule or regulation of any governmental authority or pursuant to any order of any court of competent jurisdiction; provided however, that: (e) the Vendor shall use commercially reasonable efforts to notify The Fund and the Philadelphia Department of Public Health before disclosure, (f) Vendor shall disclose only such portion of the information as is legally required; and (g) the disclosed information is not "Confidential Information" only for the purpose of and to the extent of the required disclosure, and otherwise remains "Confidential Information" subject to the terms and conditions of this Agreement.

Vendor shall advise The Fund and the Philadelphia Department of Public Health of any conflict of interest that arises during the performance of the Agreement. (c) the Services and Works will: (i) be created and originated by Vendor and may be conveyed to The Fund under the Agreement free and clear of claim of ownership by others; (ii) not violate or infringe any proprietary information, non-disclosure, copyright, patent or other intellectual property or contractual right; (iii) not violate any applicable law, rule or regulation; (iv) conform with the Agreement, be performed in a workmanlike and professional manner, be of high quality, and in no event, be of a quality less than the quality of services performed and work
